ACADEMIC VOCABULARY— 5 THINGS LEARNERS NEED TO KNOW ABOUT A WORD

WITH JULIE MOORE

We all want to help our learners expand the range of academic vocabulary they use, but in this session we'll focus on the importance of improving their depth of knowledge as well. We'll examine five key aspects of word knowledge that contribute to effective vocabulary use in an EAP context:

1. form and flexibility
2. meaning(s)
3. collocation and chunks
4. grammar
5. register and connotation.

There will be plenty of ideas for activities and pointers to some useful resources.

Julie Moore is a freelance ELT writer, lexicographer and corpus researcher based in Bristol, UK. She's been involved in ELT for more than 25 years as a teacher, teacher trainer and materials writer working in a range of sectors. Her specialist area of interest though and her first love is vocabulary. She's worked on a number of learner's dictionaries and specialist vocabulary resources, including the *Oxford Learner's Dictionary of Academic English* and the *Oxford Academic Vocabulary Practice* titles.

THINK CRITICALLY, SUCCEED ACADEMICALLY— INTRODUCING Q SKILLS FOR SUCCESS (3RD EDITION)

WITH ELISABETH WINTERWERB-COSSONS

In this workshop, we'll take an in-depth look at OUP's new Q Skills for Success Third Edition.

This six-level paired academic skills series uses a question-centered approach encouraging students to think critically and develop, analyse and justify their ideas. It incorporates the OPAL (Oxford Phrasal Academic Lexicon) and the Oxford 3000 and 5000 wordlists.

Texts, topics and tests are updated and there is a full package of print and digital components available.
