

# CREATING INDEPENDENT LEARNERS

**FRIDAY 12 MAY**  
**17:15 - 19:15**

**AN ONLINE HELTA WORKSHOP  
WITH KAY FENECH AND TOBIN AYRES**

One piece of advice that is seen repeatedly in the field of teaching adults is to “create independent learners”, which sounds great, but what exactly does it mean and how do you go about doing that?

This workshop will look at how to get students involved in their own learning process, and how to give them enough autonomy to be creative in the classroom.

We will start with some theoretical frameworks of learning, and then move on to a more hands-on and interactive part of the workshop, essentially putting the theory into practice.

We'll have lots of resources and concrete examples for you to use in your own classroom, and lots of opportunities to engage and interact. At the end of the workshop, we'll also give you a quick tour of our "Quick and Easy English" website with worksheets and teaching materials for your ESL learners.

Tobin and Kay are ESL teachers in Hamburg and co-founders of Quick and Easy English, a website which provides worksheets and teaching materials to ESL teachers. Between them they have almost 20 years of experience, and a wealth of real-world experience in the class room.

All attendees will receive a 40% discount for a one-year membership at Quick and Easy English

To register for this event, go to
